Federal funds from the Ohio Department of Public Safety, Ohio Traffic Safety Office to fund Safe Communities Grant in Lima-Allen County

Lima, Ohio (October 3, 2016): The Lima-Allen County Regional Planning Commission (LACRPC) has received federal traffic safety funding in the amount of \$35,000 from the Ohio Department of Public Safety (ODPS), Ohio State Highway Patrol, Ohio Traffic Safety Office (OTSO) for Federal Fiscal Year 2017, to fund a Safe Communities Grant. During the federal grant year, October 1, 2016, through September 30, 2017, the LACRPC will target grant funds toward reducing the incidence of traffic crashes that all too frequently result in serious injury and even death.

“Partnerships are critical to the long-term success of any safety effort. We are committed to working with area law enforcement as well as other local and state safety partners to address traffic safety concerns in Allen County,” said Thomas Mazur, Executive Director of the LACRPC. “These funds will help ensure that we can dedicate time and personnel to these efforts.”

The funds are passed through the ODPS from the National Highway Traffic Safety Administration to support the efforts of safety partners statewide and focus on traffic safety priority areas such as restraint use, impaired driving, motorcycle safety, and speeding. The FFY 2017 competitive grant process solicited grant proposals from state agencies, non-profit organizations, colleges, universities, hospitals, political subdivisions, and other interested groups within selected Ohio counties and jurisdictions. These funds will enable the LACRPC and its partners, including the Ohio State Highway Patrol, Allen County Sheriff’s Office, and the Lima Police Department as well as other local law enforcement, health partners, and many more, to continue to work together to reduce serious traffic crashes in Allen County.
