### **4. ACCESS MANAGEMENT REGULATIONS**

Mr. Doyle spoke on the upcoming Access Management Regulation updates which will be going before the Allen County Commissioner's Office. Access Management Regulations dictate access to public roadways to both private and commercial entities. Part of this update is the addition of all county roads to the Access Management map. These changes will help ensure proper development and avoid issues usually resolved by tax-payer dollars. Access Management also assists in lowering crash incidents.

### **5. DRAFT BLUFFTON ADA PLAN**

Mr. Doyle gave an update on the DRAFT Bluffton ADA Plan stating that it is being reviewed by the Village of Bluffton for final edits before the DRAFT is brought to the LACRPC committee structure and entering the public comment period.

**6.**            **TIP AMENDMENT – BREESE & SHAWNEE PID 118884**

Ms. Barry informed the TAC of the upcoming TIP amendment for the proposed Breese and Shawnee project stating that a recent safety study does not justify a roundabout but instead suggests countermeasures including new signalization, mast arms, and lighting among other improvements. These changes alter the scope and funding of the project. In addition to the countermeasures being implemented at Breese and Shawnee, they will also be implemented at Breese and Dixie.
