

Main Street/Market Street Safety Improvements

VIRTUAL PUBLIC MEETING

March 18, 2021

Presentation at 5:30 p.m.

Followed by Question & Answer Session

The City of Lima, in cooperation with the Ohio Department of Transportation (ODOT) and the Lima-Allen County Regional Planning Commission (LACRPC), is planning various safety improvements along Main Street and Market Street in Lima's Central Business District. The purpose of the project is to improve mobility, reduce crashes, and improve pedestrian safety in the project area.

Project Area

Proposed improvements include: modernization of the existing traffic circle at the Main Street/Market Street intersection to a single-lane roundabout; parking modifications along Main Street; crosswalk improvements along Main Street; and lane striping and median island modifications along Market Street to accommodate the single-lane roundabout. Construction is scheduled to begin in Spring 2022 and is expected to take eight (8) months to complete.

The purpose of this virtual public meeting is to discuss the project, proposed improvements, and alternatives with the community, answer questions, and gather input to assist in project decision-making. Due to COVID-19 concerns, this virtual public meeting will be held online via the website and phone number provided below. Click on the "Welcome" page on the website and follow the links and brief instructions.

Join online: <https://www.cityhall.lima.oh.us/DocumentCenter/View/6541/Public-Involvement-Meeting>

Join by phone: 1-567-318-0684; Code 316880734#

Within 48 hours after the March 18, 2021 virtual public meeting, a recording of the presentation and Question & Answer session, along with copies of the meeting materials, will be posted on the website. Hard copies of the meeting materials are available upon request using the contact information provided below. To assist with this stage of development of the proposed project, we are asking for comments to be received by April 18, 2021. Comments received by April 18, 2021 will be formally documented and posted on the website.

There are several ways to provide your comments on this project:
