DATE: January 19, 2020

RE: TAC Meeting

There will be a **Transportation Advisory Committee** meeting of the Lima-Allen County Regional Planning Commission held on **Tuesday, January 26, 2020**, at **1:30 p.m.** via teleconference from the Commission office located at 130 West North Street, Lima, Ohio.

The agenda will be as follows:

1. Roll Call & Introductions
2. Approval of TAC minutes – December 15, 2020
3. RTA Report
4. DRAFT FY 2022 Unified Planning Work Program
5. DRAFT 2020 Fatal Crash Summary Report
6. DRAFT Harrod Comprehensive Plan
7. DRAFT Title VI Plan
8. DRAFT Walk.Bike.Ohio Plan
9. Access Ohio 2045 Plan
10. Other
11. Adjournment

To comply with Ohio Director of Health guidelines and orders limiting/prohibiting group gatherings of more than 10 persons, no in-person attendance at LACRPC meetings by the public will be available. The public can view committee meetings via the LACRPC Facebook page at <https://www.facebook.com/Lima-Allen-County-Regional-Planning-Commission-114563720277180/>. Anyone wanting to exercise Privilege-of-the-Floor, for a committee meeting, must contact the LACRPC at 419-228-1836. Meeting agendas/minutes are published on the LACRPC website; click on the "Committees" tab on the left for more meeting information.

c: Mr. Chris Hughes, ODOT

NOTE: PLEASE CALL THE COMMISSION OFFICE AND CONFIRM WHETHER OR NOT YOU WILL ATTEND.

TRANSPORTATION ADVISORY COMMITTEE

January 26, 2021

There was a **Transportation Advisory Committee** meeting of the Lima-Allen County Regional Planning Commission held on **Tuesday, January 26, 2021**, at **1:30 p.m.** in the Conference Room of the Commission office located at 130 West North Street, Lima, Ohio.

The agenda was as follows:

1. Roll Call & Introductions
2. Approval of TAC minutes – December 15, 2020
3. RTA Report
4. DRAFT FY 2022 Unified Planning Work Program
5. DRAFT 2020 Fatal Crash Summary Report
6. DRAFT Harrod Comprehensive Plan
7. DRAFT Title VI Plan
8. DRAFT Walk.Bike. Ohio Plan
9. Access Ohio 2045 Plan
10. Other
11. Adjournment

A quorum being present via teleconference, Dan Kaseman brought the meeting to order and proceeded with the agenda (due to a scheduling conflict, Kirk Niemeyer was unable to attend).

1. **ROLL CALL**

Ms. Karen Garland	Allen County Regional Transit Authority
Mr. Dan Kaseman	Village of Elida
Mr. Steve Kayatin	ACSEO
Ms. Cindy Leis	AEDG
Mr. Mike Leis	Village of Beaverdam
Mr. Shawn McPheron	EMH&T
Mr. Jed Metzger	Chamber of Commerce
Mr. Ron Meyer	Allen County Engineer's Office
Mr. Charles Schreck	Ohio Department of Transportation District 1

STAFF

Mr. Shane Coleman	Lima-Allen County Regional Planning Commission
Ms. Marlene Schumaker	Lima-Allen County Regional Planning Commission
Mr. Cody Doyle	Lima-Allen County Regional Planning Commission
Mr. Adam Haunhorst	Lima-Allen County Regional Planning Commission

2. **APPROVAL OF TAC MINUTES – December 15, 2020**

Motion 01 (01-26-21) TAC

Charles Schreck made the motion that the TAC minutes of December 15, 2020 be approved. Seconded by Jed Metzger; motion carried.

3. **RTA REPORT**

Karen Garland reported The Committee should have received the ridership information via email. Allen County Regional Transit Authority (ACRTA) experienced a decline in

3. RTA REPORT (Continued)

ridership in 2020 due to the COVID-19 pandemic. In the past few months, RTA has gotten back on track in ridership numbers. RTA administration has been working with businesses in Bluffton as well as with the Mayor of Bluffton. RTA is also working with Delphos businesses and its Mayor to possibly develop shuttle services to both municipalities for jobs access. The plan is to possibly begin these services in either May or June. Karen Garland stated that RTA is looking at several new transportation ideas to determine where the Agency currently is and where it would like to go. Marlene Schumaker asked if RTA has any idea when these services might begin. Karen Garland replied that Co-Director Brian would like to begin the services in April but stated that the latest date might be June.

Motion 02 (01-26-21) TAC

Charles Schreck made the motion to accept the RTA Report. Seconded by Ron Meyer; motion carried.

4. DRAFT FY 2022 UNIFIED PLANNING WORK PROGRAM

Shane Coleman reported that the Lima-Allen County Regional Planning Commission (LACRPC) is required to develop a Unified Planning Work Program (UPWP) each year. The document is currently in a draft status. The “official” draft should be available later this week and will be posted to the RPC website for review after going through the internal Committee structure this week. Shane Coleman stated that many on this Committee are familiar with the UPWP. The first portion contains the Introduction as well as the history of the RPC and what the Agency does. It also lists the Agency’s requirements as per the Ohio Department of Transportation (ODOT), Federal Highway Administration (FHWA) and Federal Transit Authority (FTA). It also lays out the structure of the RPC with the internal structure, representatives and Commission members as well as the members of the various Committees and what each Committee does. Shane Coleman reported that it explains the transportation planning process, the FAST Act and planning factors and federal and state planning requirements. These items are included in the UPWP each year. The next portion contains the actual work program itself. The 100 series represents local work. Sub-Category 105 represents Information Services and includes the Census data. Sub-Category 201 represents Emergency Services Planning for EMA, D.A.R.E., Criminal Justice, etc. Sub-Category 205 represents the Safe Communities Grant through the Ohio Department of Public Safety (ODPS). Evelyn Smith has been managing the grant locally since its inception. She is in the process of retiring and her last day is next Friday, January 29th. She has been in and out of the office helping to train the new employee hired to fill her position and his name is John Kesner. Sub-Category 305 represents Keep Allen County Beautiful. Shane Coleman reported that Sub-Category 405 represents Farmland Preservation, Sub-Category 405 represents Economic Development, Sub-Category 410 represents Housing and Sub-Category 415 represents the Community Development Block Grant (CDBG) program that the Agency administers for the Commissioners. Sub-Category 501 represents zoning regulations, Sub-Category 505 represents Subdivision regulations and finally, Sub-Category 510 represents floodplain management. The last three sub-categories have kept staff very busy over the past year as there have been numerous lot splits and land divisions and has continued into this year. Shane Coleman reported that the next section represents the ODOT programming. Under the 600 Series, Sub-Category 601 represents Short-Range Planning and deals with the Public Participation Plan (PPP), data collection for ODOT, Title VI, Environmental Justice (EJ), Completion Report, the UPWP, High Crash Intersections, Roadside Safety Audits (RSA), etc. Sub-Category 602 represents the Transportation Improvement Program (TIP). A TIP must be developed every 4 years. Also included is TIP maintenance such as the TIP/STIP amendments and the List of Obligated Projects. Shane

4. DRAFT FY 2022 UNIFIED PLANNING WORK PROGRAM (Continued)

Coleman reported that Sub-Category 605 represents Surveillance activities. Recently, the RPC has been allowed access to a program called Streetlight which is data gathering software that ODOT has a membership for. The use of Streetlight has been added to the UPWP. Streetlight allows staff to analyze traffic, bike and pedestrian activities and a bus component is being added to the software. The software utilizes cellphone GPS data to compile data and map out the data. Adam Haunhorst stated that Streetlight is continually adding functionalities to its software which will expand on what staff may be able to do and use it for. Mitchell Kingsley asked if Streetlight is going to be able to replace traffic counts. Adam Haunhorst replied that actual traffic counts may never be replaced because data should always be able to be verified. StreetLight can help to augment data and assist in obtaining more traffic counts and increase the frequency of counts. Shane Coleman reported that Sub-Category 605.8 represents looking at alternative forms of transportation such as biking, hiking, etc. The MPO also works to implement Complete Streets policies, establish active transportation policies, support Safe Routes to Schools (SRTS) programming, energy efficiency as well as partner with other entities to develop and implement community vision plans in an effort to realize more equitable, healthy, safe and livable communities. Shane Coleman stated that staff will continue to work with the West Ohio Community Action partnership (WOCAP) and the Department of Housing and Urban Development (HUD) through the Lima Housing Task force under this category. This category also includes ADA Transition Plans and staff has been in conversations with the Village of Bluffton as well as the Village of Spencerville and the City of Delphos administrators pertaining to Ada Transition Plans. Shane Coleman stated that this UPWP begins July 1, 2021. Shane Coleman stated that the UPWP next moves on to the Long-Range Transportation Planning and the modeling and efforts staff works on to assist ODOT's Long-Range modeling. RPC's 2040 Long-Range Transportation Plan (LRTP) is currently in place but within 2 years, staff will begin working on a new LRTP. Shane Coleman reported that Sub-Category 610.4 represents Long-Range Planning which includes a comprehensive overview and view of communities, transportation, housing, subdivisions and anything that will affect transportation. The staff has just begun the process of updating the Village of Elida Comprehensive Plan, completed the Village of Harrod Comprehensive Plan and had begun working on a City of Lima Comprehensive Plan. Shane Coleman reported that Sub-Categories 674 and 675 represent the RPC's work for and with RTA as well as RTA's work with the RPC. Sub-Category 697 represents the Annual Report which is a required document. Marlene Schumaker reported that the tables at the end of the document reveal that there is a little over \$830,000 in the RPC budget for the coming year and is the total amount of funds that the Agency expects to receive from local and earned income. About 66% of these funds come from the ODOT items. RPC receives approximately \$35,000 from the Safe Communities Grant and approximately \$30,000 from RTA if they use it all. RTA recently has not had to use their drawdown as they have been able to generate funds on their own. Marlene Schumaker reported that about \$197,000 comes from the local jurisdictions for match funds as well as what the RPC earns doing lot splits, floodplain development permits, etc. Dan Kaseman asked when the review period for the DRAFT FY 2022 UPWP will be completed. Marlene Schumaker replied that staff anticipates the review period being completed by February's meetings. The draft document will go out for public review on Monday. The links to this document as well as the others should be emailed to the Committee by the end of today. Marlene Schumaker stated that any comments received as well as RPC's response(s) will be included in the final document.

4. **DRAFT FY 2022 UNIFIED PLANNING WORK PROGRAM** (Continued)

Motion 03 (01-26-21) TAC

Jed Metzger made the motion to accept the DRAFT FY 2022 Unified Planning Work Program and forward the recommendation on to the TCC for approval. Seconded by Mike Leis; motion carried.

5. **DRAFT 2020 FATAL CRASH SUMMARY REPORT**

Shane Coleman reported that this report is also in draft status and as 2020 just completed, the staff is just beginning to compile the data. The draft will go through the internal Committee structure this week and available on the website later this week. Adam Haunhorst presented a PowerPoint presentation and reported that Allen County experienced 10 fatal crashes which resulted in 10 fatalities. Allen County was up 3 crashes and 1 fatality from 2019. The Lima urbanized area accounts for 60% to 70% of all fatal crashes which includes Lima, Elida, portions of Shawnee and portions of Bath. Shawnee Township experienced the highest number of fatalities at 4 followed by 2 in the City of Lima and 2 in Marion Township. Adam Haunhorst reported that the blue line on the map of Allen County depicts the Lima urbanized area. Six of the ten fatal crashes had alcohol as a contributing factor in the crash and four of the fatal crashes involved excess speed. Of the alcohol-related crashes, six of the ten occurred during nighttime hours. Adam Haunhorst reported that seat belts do help to save lives and almost without exception, those that were not wearing seat belts passed away. This is the first year in almost a decade that there were no motorcycle fatalities but there was almost a 400% increase in pedestrian fatalities (from 0 to 4). Adam Haunhorst reported there one was a hit/skip in Lima therefore, there is no specific information available, two are suspected suicides but nothing has been confirmed and the final was a man that was believed to be intoxicated and tripped and fell off the median outside of Fazoli's on Elida road and fell into oncoming traffic. Adam Haunhorst stated that there was another suspected suicide in Marion Township whereby the driver of a vehicle drove his vehicle head-on into a pole. Another was a drowning on Buckeye Road whereby, the driver drove off the road into a pond near the refinery. His injuries were not considered fatal but he could not exit the vehicle and drowned. Shane Coleman stated that staff is working to "condense" the information in the reports to eliminate redundancies. Any information that staff has gathered will be available upon request. Staff is working to include the performance measures in these crash reports that the MPO is required to work towards achieving. Adam Haunhorst stated that staff is addressing the topics most frequently requested and are topics most frequently part of discussions such as impaired driving, pedestrian safety, distracted driving, etc. Staff continues to collect the data but the redundant data is not included in the document.

Motion 04 (01-26-21) TAC

Cindy Leis made the motion to accept the DRAFT 2020 Fatal Crash Summary Report and forward the recommendation on to the TCC for approval. Seconded by Karen Garland; motion carried.

6. **DRAFT HARROD COMPREHENSIVE PLAN**

Shane Coleman reported that staff has been working with the Village of Harrod on their Comprehensive Plan since early summer. Cody, Adam, and Dode, part of the RPC staff as well as the Mayor of Harrod and Tom Ekleberry have worked hard on compiling this document. Shane Coleman reported that staff collected data, there were community surveys conducted, Village council members took surveys to many of the village residents to complete in person. Staff participated in numerous discussions with village officials. The

6. DRAFT HARROD COMPREHENSIVE PLAN (Continued)

draft of the document is located on the RPC website. The document was out for public review for 30 days and staff is awaiting any comments. Shane Coleman stated that the document looks different from other comprehensive plans but staff developed a nice format. Staff anticipates bringing the final version through the internal Committee structure in February. Shane Coleman stated that the website has the Plans listed.

Motion 05 (01-26-21) TAC

Shawn McPheron made the motion to accept the DRAFT Harrod Comprehensive Plan and forward the recommendation on to the TCC for approval. Seconded by Jed Metzger; motion carried.

7. DRAFT TITLE VI PLAN

Shane Coleman reported that staff is in the process of working on the update to the Title VI Plan. The current Plan on the website is from 2012. Staff received notice from ODOT pertaining to some updates that were required. The complaint process and the complaint form were two areas that ODOT requested updates. Staff is also updating the Environmental Justice (EJ) section and adding the Safe Harbor provisions. Title VI relates to the RPC's involvement in the public involvement process, avoiding discrimination in anything that the Agency does, how the RPC deals with those of Limited English Proficiency (LEP), etc. The RPC must certify its compliance with Title VI, complete an EJ Analysis for individual projects as part of the TIP and the LRTP process. Shane Coleman reported that the document will be on the website on Monday and go out for public involvement on Monday as well.

Motion 06 (01-26-21) TAC

Cindy Leis made the motion to accept the DRAFT Title VI Plan and forward the recommendation on to the TCC for approval. Seconded by Shawn McPheron; motion carried.

8. DRAFT WALK.BIKE.OHIO PLAN

Shane Coleman reported that the Walk.Bike.Ohio Plan is out now in draft status. ODOT is requesting feedback now through Friday, February 26, 2021. This is ODOT's first statewide plan for active modes of transportation. The document is the culmination of 2-years' worth of discussions with partner agencies and residents across the state. Shane Coleman stated that the Walk.Bike.Ohio Plan will support the 2045 Access Ohio Plan in the active transportation portion of the state's LRTP. A link will be forwarded to Committee members by the end of the day. No action required.

9. ACCESS OHIO 2045 PLAN

Shane Coleman reported that the Access Ohio 2045 Plan is now out in its final version as of December 2020. Access Ohio 2045 is the latest long-range statewide transportation plan and forms the basis of Ohio's multi-modal transportation investment and policy decisions for the next 25-years. Shane Coleman stated that the document is in a final status and is available for review and comment by the general public. The link will be forwarded to Committee members at the end of the day. No action required.

9. OTHER

a. Public Participation Plan

Shane Coleman reported that staff is in the process of updating the Public Participation Plan (PPP). The draft is on the website for review and comment. The document has been condensed to some degree but the Agency will always maintain the level of transparency that it always has. The previous Plan locked the Agency into a whole list of activities that the Agency was required to do to meet the PPP goals. The requirements have been reduced and placed in a “toolbox”; if the Agency can meet its requirements using 3, 4 or 5 tools, why use 12? Shane Coleman stated that the final of the document should come back through the internal Committee structure in February for approval.

b. New Logo

Shane Coleman reported that the RPC has begun to use a new logo that was approved by the Executive committee a couple of months ago. The new logo is live and the RPC has begun to use it. The new logo is on the website. Shane Coleman stated that the RPC is phasing out the old logo on hard copies of items. The new logo will soon be showing up on the RPC letterhead and envelopes.

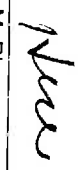

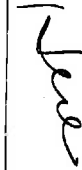

10. ADJOURNMENT

Motion 07 (01-26-21) TAC

Mike Leis made the motion that the meeting be adjourned. Seconded by Shawn McPheron; motion carried.
