

ADA COMPLIANCE ON CONSTRUCTION PROJECTS

It is important, when applicable, that projects are built following The Americans With Disabilities Act (ADA) standards. This virtual event will highlight ADA regulations, ADA implementation, and details of ADA compliance when constructing sidewalks, curb ramps, cross walks, and more. Attendees will gain a better understanding of ADA regulations, implementation, and construction for use on future projects.

Presenters will include:

- Sarah Wade, ODOT ADA/504 Program Manager & Kristina Scales, ODOT Contractor Accountability & Title VI Coordinator providing a brief overview of transition plans
- Shane Coleman, Executive Director & Cody Doyle, Associate Planner of Lima-Allen County Regional Planning Commission explaining how the agency has utilized/created transition plans
- Scott Mullins, ODOT Construction Engineer & Cody Lape, ODOT GIMS Database Administrator detailing construction, work type opportunities, and ADA asset collection

Thursday, August 12, 2021
1:00 - 2:30 PM
